The CPU Team with the Davao Centralians

CPU reps meet with Mindanao Centralians

A team of CPU representatives met with the two largest Mindanao centralian groups in South Cotabato and Davao City, November 12-13, 2010, respectively.

Led by President Teodoro Robles, the members of the team were Engr. Amy Castigador (Planning and Development), Ptr. Alfred Morales (Student Recruitment and College Placement Exam Office In-Charge), Ms. Trinidad Sorongon (Alumni Affairs Coordinator), and Ms. Suzette Gonzales (Executive Assistant). Also with the team was CPU First Lady Angel Robles.

About 65 alumni attended the Koronadal meeting at the The Farm at Carpenter's Hill, Koronadal, South Cotabato. This meeting was organized by Centralians Dr. Vita Basiao-Gasataya and Ptr. Jasher Gasataya. Among those present were South Cotabato Board Member Ernesto Catedral (who also represented Gov. Daisy Avance-Fuentes), Ptr. Haile Abelarde and RTC Judge

and Mrs. (nee Jocelyn Pagunsan) Jordan Reyes who handed-over the group's token of appreciation to President Robles.

The next day, in the Davao City fellowship, which was organized by Engr. & Mrs. (nee Benilda Sy) Kim Leng Go, about 15 Centralians came to the Pinnacle Hotel. Among those present were Dr. Warlito Laquihon and Dr. and Mrs. Wilfredo Espada.

Among the many issues taken during the fellowships was the possibility of having a graduate school extension class, in the field of governance, in the region.

A few days earlier, Engr. Castigador, Ptr. Morales and Ms. Sorongon were already having their Mindanao student recruitment sorties.

The CPU Team with the Southern Mindanao Centralians

A MANAGEMENT REVIEW was conducted

and presided over by Pres. Robles and participated in by the top level management, at the KDC, Henry Luce III Library, 8AM-4PM, November 26, 2010. Among the issues tackled were the results of Internal Quality Audit; feedback from students, personnel and others; status of Quality Policy and Objectives; status of Educational Service Performance and Educational Services Non-Conformity; reports of the VP's and the President; status of Preventive and Correction Actions; follow-up actions from previous Management Review; changes that could affect the Quality Management System; and other recommendations for improvement. Thanks to Dr. Florence Bogacia of the Review and Continuing Education Center who organized the event.
