Central Philippine University in partnership with Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH announces the offering of a Diploma Course in Environmental Resource Management and Technologies major in Solid Waste Management (ERMAT-SWM). This 1-year graduate program will be offered starting June 2012 and every semester thereafter under the College of Agriculture, Resources and Environmental Sciences (CARES). Under this Diploma, two certificates plus a Project Study maybe obtained, namely: Certificate in Environmental Planning and Socio-Economics and Certificate in Environmental Management and Technology. Each Certificate contains three (3) courses each having an equivalent credit of three (3) units. Overall, the Diploma Course is composed of seven courses. The establishment of this Diploma and Certificate-based SWM curriculum at CPU in cooperation with GIZ is the first of its kind in Western Visayas and nearby regions. This offering will ensure that there will be a permanent venue for developing the capacities of existing and future SWM practitioners by a qualified institution. Applicants for enrollment may visit the office of CARES or may call 033-3291971 local 1096 or 1071 for more details.
